

AMONG THE COLLEGES.

HARVARD STEADILY GROWING.

THE LARGEST CLASS YET—1,300 STUDENTS.

Cambridge, Mass., Sept. 28 (special).—The result of the registration in the college last Thursday was as follows: Seniors 269; Juniors 256; Sophomores 277; Freshmen 357; Special students 137. Although these figures are not final, the total of 1,266 already surpasses the numbers of last year as shown by the catalogue. Some students are always detained from registration on the first day, and the number of special students in particular, when all are in, will undoubtedly be much larger. The freshman class of last year numbered at its highest mark 323 men. About eighty of these, it is said, failed to pass their examination in June, and accordingly go to swell the numbers of this year's freshman class. The admissions to the upper classes from other colleges become more and more considerable year by year, and are a gratifying testimony to the higher intellectual advantages offered at Harvard. The increase this year may be laid, in part, to the formations here last year of a club made up of men from other colleges with the aim of encouraging this disposition of higher students toward Harvard.

The preachers to the university this year will be the Rev. Lyman Abbott, D. D., the Rev. Phillips Brooks, D. D., the Rev. Brooke Herford, the Rev. Henry Van Dyke, D. D., and the Rev. William Lawrence, A. B. Two of these are new men: the Rev. Van Dyke and the Rev. Brooke Herford, who take the place of the retiring preachers, the Rev. George A. Gordon, of Boston, and the Rev. Theodore C. Williams, of New York. In addition to the services in Appleton Chapel, an informal course in Bible study has been planned. Evening meetings will be held once a week, conducted by officers of the university from various departments. These meetings will be open to members of the university only. Opportunity will be given for questions and conversation with the general aim of stimulating and directing the study of the Bible.

The list of candidates for the varsity eleven has been curtailed by the withdrawal of a number of men for class team practice. However, the class teams were formed particularly with the idea of giving material for the Varsity, and the aim is to be attained to all others. At all times, if sufficient promise is taken from the class teams, the arrangement being little more than a device for handing conveniently the large number of players. A regular class series, however, will be played off in three or four weeks' time, the two games to be won and which the

other, the captain and fullback of last year's Dartmouth eleven, and fullback of last year's Andover, has entered the Law School.

The second ten of the Institute of 1770, from the class of '93, have been elected as follows: D. O. Earle, T. W. Hallowell, C. K. Cummings, P. M. Foster, and A. E. Abbott; S. Blake, C. L. Barlow, E. S. Mathis, and G. E. Emmett, honorary; J. D. Upton and G. H. Keeler.

J. L. Dodge, '91, has been elected president of the Union in place of J. M. Perkins, '92, resigned.

New Haven, Conn., Sept. 28 (special).—The football men are all at work in dead earnest. Ballie, one of '93's best men, has begun training, and should make a player of great strength. He would be a valuable man at centre, left guard, or right end. The lower classes will be placed in three or four weeks' time, the two games to be won and which the

other, the captain and fullback of last year's Dartmouth eleven, and fullback of last year's Andover, has entered the Law School.
